SAFETY INSTRUCTIONS

Precautions

- Before using the product check for any damage. If there is any damage or if you observe any unpleasant smell, do not use the product.
- The product should be stored in a dry and ventilated environment, to avoid oil, water, moisture and dust affecting product performance.
- Avoid using stimulus, organic solvents or items containing these ingredients to clean the Earbuds.
- The use of Earbuds should be correct as per the specification, pay attention to use the influence of the environment on the Earbuds.
- In order to ensure an uninterrupted connection, it is recommended that the distance between the Earbuds and phone is within 10-15 meters.
- It is advisable to unplug the product from the power source once charged fully & if the unit is not to be used for a long time.
- Do not use any accessory which is not compatible with the product, as it may result in a malfunction of the product; which will also void the warranty.
- Do not attempt to service/repair the product on your own, as this may expose you to potential electric shock and hazards, resulting in electrocution. This will also void the warranty claim.
